

PRESCHOOL HEALTH AND SAFETY WORKSHEET

Name : _____ Class: _____ Date: _____

[View Tutorial Video \(YouTube\)](#)

True or False (Circle T for true and F for false)

- T F 1. Upon arrival, a parent will not leave a child in the classroom until the teacher and parent helper are present.
- T F 2. Hot beverages are not allowed in the classroom or outside play areas.
- T F 3. Children are not permitted to run in the preschool.
- T F 4. No child shall be outdoors without adult supervision.
- T F 5. Children must wash their hands with soap and running water before eating. Before helping with snack preparation, and after toileting.
- T F 6. Children do not come to preschool if they have had a fever, vomiting and diarrhea in the last 24 hours.
- T F 7. Sinks, counters, and tables must be cleaned with bleach water before and after snack preparation.

Multiple Choice (Circle the correct ending)

8. If your child needs to be picked up from preschool by an unauthorized adult:
- tell the teacher.
 - tell the child.
 - add the adult to your child's authorization (on emergency card).
9. The cupboard or closet containing cleaning materials:
- can be unlocked until snack is over.
 - doesn't need to be locked if it's out of reach.
 - can be unlocked only when taking things out or putting things back.
10. When a parent is putting equipment in the storage room or other potentially unsafe areas of the facility:
- the children can accompany the parent if they promise to behave.
 - the children can accompany the parent if they hold her hand.
 - the children must be supervised by another adult in the safe areas.
11. When a parent is supervising the climbing equipment, he:
- put his hands in his pockets.
 - climbs with the children.
 - keeps his hands free and remains within arm reach of climbing children.

12. When a child is building a tower of blocks, the supervising parent should:
 - a. get a chair for the child to stand on so she can build higher.
 - b. limit the height to shoulder level of the shortest child in the area.
 - c. tell the child that building towers is not allowed.

13. A child is permitted to go down the slide:
 - a. head first
 - b. feet first
 - c. any way she chooses.

14. When a child has a runny nose, a parent helper should:
 - a. wipe it with a tissue (or have the child do it) and throw the tissue away.
 - b. wipe it and save the tissue in your pocket in case he needs it later.
 - c. softly scrub the child's face with soap and water.

15. Garbage must be emptied:
 - a. weekly
 - b. daily
 - c. when it begins to smell

Fill in the blanks
